Ms. Erin Campbell
Captivating Speakers

Dear Ms. Campbell:

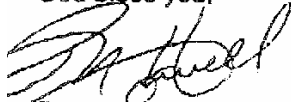

It is my honor to write a reference letter to Captivating Speakers on behalf of Sherman Bradley.

Sherman and I have been partners in ministry for over five years. In the first year, his ministry, Exodus, worked collaboratively with City Gospel Mission. Both groups were so pleased with the partnership that in January, 2003, Exodus merged into City Gospel Mission. For the last four years, Sherman has been one of the directors who reports to me.

Over that time, Sherman has demonstrated that he is the "real deal" in all aspects of life. Spiritually, he is a genuine follower of Christ, who walks the walk. As an employee, he is a visionary, who works hard to bring the visions to reality.

It would be easy to give you more details about his outstanding character, great personality, intelligence, social skills, and determination, but I think you get my view of Sherman Bradley. If you need more detail please give me a call (513.345.1023).

God bless you.
